

Amendments to the Drawings:

The attached sheet of drawings includes changes to Fig. 2. This sheet, which includes Fig. 2, replaces the original sheet including Fig. 2. In Fig. 2, "datafile" has been changed to "doc. file" to obtain consistency between the drawings and the description. This replacement sheet was also included in the formal drawings submitted under separate cover.

However, Applicants note that the specification describes "a single data file, sometimes called a document file." Spec., pg. 2, lines 32-33. Therefore, the drawings, as filed, simply used this equivalency with the reference numeral 250.

Attachment: Replacement Sheet for Fig. 2.
